

# OPTIMA APOS SERIES 8" TOUCH SCREEN

# APOS-02 A TRUE COMPLETE ALL-IN-ONE POS SOLUTION

## Portable POS Terminal For Small Business Applications

Optima's APOS-02® is the perfect choice for smaller business who want a sleek looking POS terminal integrated with everything you need combining reliability and mobility all in one. Optima's APOS-02® is embedded with our proprietary Optima GoPOS® software and features a powerful Rockchip Processor, 8" Touch Screen, 2 1/4" Thermal Receipt Printer with fast loading mechanism, Multi-Line Customer Display, WCDMA/LTE, WIFI and optional built-in 2.3Ah battery to continue operations in the event of power loss.

## POS Software with NO Monthly Fees!

Buy it once and own it forever! Let's face it, businesses are often offered free basic point of sale systems, but in the end, get slapped with unanticipated monthly or hidden fees. Optima APOS offers full featured POS system for a one time purchase with lifetime updates included and no monthly fees that will instantly help improve your cash flow and long term savings.

## Accept a wide range of payment options

Thanks to our strategic partnerships, the APOS series seamlessly integrates with all major processors in North America, including PAX. Furthermore, the APOS series extends its support to thousands of ISOs (Independent Sales Organizations) and merchant service providers.

## Power-packed performance

APOS Series® is designed and tested to withstand the busiest checkouts! Packed with Rockchip quad-core processor producing with high performance and low consumption, ensuring a stable, efficient and safe system operation. All Optima APOS Series systems are also equipped with Ethernet, USB, R232 and Cash Drawer Ports to readily support all your POS Accessories.
