

OPTIMA
APOS SERIES
 10" TOUCH SCREEN

APOS-04

**A TRUE COMPLETE
 ALL-IN-ONE POS SOLUTION**

Sleek POS Terminal For Small to Medium Size Business Applications

Our sleek Optima APOS-04® features a large 10" Touch Screen giving you the ability to add more menu items and buttons making it a great choice for small and medium sized retail and restaurant applications! The Optima APOS-04® is embedded with our proprietary Optima GoPOS® software and packed with a powerful Rockchip Processor, Multi-Line Customer display, 2 1/4" Thermal Receipt & Auto Cutter with fast loading paper roll mechanism, WCDMA/LTE, Bluetooth & WIFI and optional built-in 2.3Ah battery to continue operations in the event of power loss.

POS Software with NO Monthly Fees!

Buy it once and own it forever! Let's face it, businesses are often offered free basic point of sale systems, but in the end, get slapped with unanticipated monthly or hidden fees. Optima APOS offers full featured POS system for a one time purchase with lifetime updates included and no monthly fees that will instantly help improve your cash flow and long term savings.

Accept a wide range of payment options

Thanks to our strategic partnerships, the APOS series seamlessly integrates with all major processors in North America, including PAX. Furthermore, the APOS series extends its support to thousands of ISOs (Independent Sales Organizations) and merchant service providers.

Power-packed performance

APOS Series® is designed and tested to withstand the busiest checkouts! Packed with Rockchip processor producing high performance and low consumption, ensuring a stable, efficient and safe system operation. All Optima APOS Series systems are also equipped with Ethernet, USB, R232 and Cash Drawer Ports to readily support all your POS accessories.

EMBEDDED WITH

OPTIMA

GoPOS

Optima GoPOS® Software

The **OPTIMA APOS Series** is embedded with our proprietary Optima GoPOS® software offering smoother functionality to meet the needs of various business applications such as retail & convenience stores, restaurants and supermarkets.

Optima GoPOS® is frequently improved with software updates by adding new feature releases, functions, enhancements and performance improvements.
